EXPERIENCE

DEVEXPERTS - Front-End developer

2023 october - 2024 april

- I maintained project integrity and functionality of our intricate projects. This involved addressing reported bugs in Jira and creating tickets for undocumented issues.
 - I ensured comprehensive test coverage by implementing unit tests and maintained Storybook representations for designers to review changes made.
 - Collaboration with Backend, QA, and BA teams to clarify functionality requirements, while consulting our Confluence page provided further project insights.
 - Prioritizing accessibility by utilizing
 - semantic HTML
 - enabled keyboard navigation
 - verified screen reader compatibility
 - checked color contrast.
- Given the complexity of our projects, close communication with our designers was essential.
- I actively participated in code reviews, resolving comments, and providing constructive feedback on pull requests, contributing to our team's commitment to maintaining high code standards and quality assurance practices.

Aiopsgroup - Web development Internship

2023 february-may

- Throughout my internship, I dedicated significant effort to mastering the fundamentals of HTML, CSS, JavaScript, Git which I then applied while working with React JS/TypeScript, and Salesforce Commerce Cloud (specifically SFRA and PWA Kit).

Endava - React Typescript Internship

2022 august-october

- Working in close Agile collaboration with the team.
- Assisting in the creation of the wireframe for the project and designing parts of the UI layout.
- I utilized my skills with React TypeScript to create new features and enhance existing ones, based on requirements

Alfa PMV - Graphic Designer

March 2014 - July 2015

- Part of my role was, understanding the needs of our clients and developing design briefs based on requirements.
- Updating our clients on progress, changes and adjustments accordingly.
- Close team collaboration.

Freelance Graphic/Web design and illustration

2014 march - current

- I have gained experience in various aspects of digital design through occasional freelance work, including the creation of digital art, logo design, and website mockups.

PROGRAMMING SKILLS

HTML5, CSS3 - ([scss](#), [less](#), [css modules](#), [material ui](#), [styled component](#)),
