EXPERIENCE

DEVEXPERTS - Front-End Developer

Jan 2023 - May 2024

- . I maintained the project functionality by addressing reported bugs in Jira and creating tickets for undocumented issues, implementing features.
- . Testing - i ensured comprehensive test coverage by implementing unit tests and occasionally participated in end-to-end (E2E) testing to validate the complete user flows.
- . Collaboration - Worked closely with cross-functional teams including Backend, Quality Assurance (QA), Business Analysts (BA) and Designers to clarify functionality requirements. Also referencing our Confluence page for additional insights.
- . Accessibility - by utilizing:
  - semantic HTML
  - enabled keyboard navigation and focus
  - verified screen reader compatibility.
- . Code reviews - i actively participated in code reviews, resolving comments, providing constructive feedback on pull requests, contributing to our team's commitment to maintaining high code standards.
- . Visual Documentation - Maintained Storybook representations for designers to review changes made, ensuring clear communication and alignment with design requirements.
- . Code Maintenance - i maintained and enhanced our existing codebases through refactoring to improve code quality, performance, and maintainability.

Aiopsgroup - Web development Internship

Aug 2022 - Oct 2022

- . During my internship, I focused extensively on mastering foundational skills in html, css, javascript, git. I then applied these skills while working with React js/ts and Salesforce Commerce Cloud (sfra, pwa kit)

Endava - React Typescript Internship

Feb 2022 - Apr 2022

- . Working in close Agile collaboration with the team.
- . Assisting in the creation of the wireframe for the project and designing parts of the UI layout.
- . Utilized my skills with React TypeScript to create new features and enhance existing ones, based on requirements.

Alfa PMV - Graphic Designer

Mar 2014 - Jul 2015

- . Part of my role was, understanding the needs of our clients and developing design briefs based on requirements.
- . Updating our clients on progress, changes and adjustments accordingly.
- . Close team collaboration.
