КАК ЛОДЖИСТИКС ЕООД - GGBG.BG

January 2020 - April 2020

- My role as a freight forwarder, consisted of processing shipments.
- creating online orders instead of our customers.

PROJECTS

Redesigning website

I created a mockup redesign on a website called marathondessalbes, because i like their initiative. I incorporated my Graphic design knowledge as well as my UI/UX skills to make creative design in an effective way combining visuals with usability.

Personal FAQ

In this project i used my programming skills with javascript, html5 and css3, combined together with React JS as a framework. I enjoyed very much creating this project, because it included quite a few key concepts in programming that i've learned and i got to incorporate.
