PROJECTS

Internary

Worked with IT team to create an inside tool/ platform for creating and managing IT projects and teams. Creating learning topics for campaigns, and assign them to the appropriate development team.

Login form

I created a very interactive, and yet simple design for a login form with React.

Redesigning website

I created a mockup redesign on a website called marathondessalbes, because i liked their initiative. I incorporated my Graphic design knowledge as well as my UI/UX skills to make creative design in an effective way combining visuals with usability.
